ENDOSWISS 2021
VIRTUAL LIVE

INTERNATIONAL WORKSHOP ON
DIAGNOSTIC AND THERAPEUTIC ENDOSCOPY
ZURICH, **25 / 26 June 2021**

WWW.ENDOSWISS.CH

EndoSwiss 2021 Virtual Live 25 / 26 June “Controversies in Endoscopy”

EndoSwiss, the international course on diagnostic and therapeutic endoscopy, welcomes you for the next edition. This year we came up with a completely new concept of a fully virtual live endoscopy course. Like in the past highly recognized pioneers and outstanding experts will demonstrate the latest developments in gastrointestinal endoscopy. Video live cases from several international and national endoscopy centers will be presented and discussed live with the international faculty members in a TV studio in Zurich.

Focus of the meeting are «Controversies in Endoscopy». Currently, there are many different endoscopic approaches and devices for diagnosis and treatment of a specific condition or disease. We will highlight the best approaches and discuss the underlying evidence in controverse situations including the management of potential complications. The meeting will be live-streamed on the EndoSwiss meeting platform, on Endo Academy and on Endoscopy Campus.

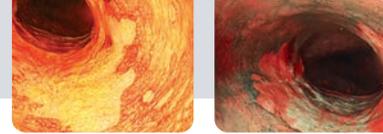

Conference language will be English with simultaneous translation into Russian by native russian speaking endoscopists. All cases will be finally uploaded on our educational EndoSwiss Youtube channel after the meeting.

The course follows the guidelines and policies of ASGE and ESGE for live demonstrations and is designed for gastroenterologists, surgeons, practising physicians, endoscopy nurses, trainees and students.

We would be very happy if you joined our course online. Looking forward to welcoming you from Zurich!

Stefan Seewald, Stefan Groth, Andreas Müller,
Bernhard Sauter, Jonas Zeitz

3.00 – 4.30 **Satellite Symposium**

New approaches and perspectives in diagnostic and therapeutic endoscopy

Moderation: M. Kaminski & S. Seewald

3.00 – 3.05 **Welcome**

3.05 – 3.20 **Artificial intelligence – how we will do colonoscopy in 10 years?**
Y. Mori

3.25 – 3.40 **Detection of Barrett's early neoplasia – will the computer take it over?**
J. Bergman

Presentation of GIF XZ 1200 – the novel Olympus Zoom endoscope

H. Neuhaus & S. Seewald

3.45 – 4.00 **Challenges of third and fourth space endoscopy**
H. Inoue

4.05 – 4.20 **How to use novel technology for improving colonic ESD- an update**
N. Yahagi

4.25 – 4.30 **Question corner: What technology can we expect next?**
Interview with Harald Dremel, Director Market Development & Public Affairs

OLYMPUS

Controversies in Endoscopy

9.00 **Welcome**

9.05 – 9.55 **Live session 1**

Improvement of adenoma detection rate – current technology & perspectives & relevance

Moderation: S. Seewald

9.05 – 9.15 **Improvement of ADR – Expectations on novel technology**
M. Kaminski

9.15 – 9.30 **Live demonstration of current AI systems**
Zurich, Milano

9.30 – 9.45 **Discussion**
M. Kaminski, A. Repici, A. Müller, Y. Mori

9.45 – 9.55 **AI in the colon – current evidence and perspectives**
A. Repici

9.55 – 10.00 **Question corner: What technology can we expect next?**
Interview with Saskia Papa, Product Manager FUJIFILM Europe

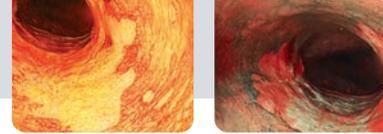

10.05 – 11.00 **Live session 2**

Zenker's diverticulum – different approaches & opinions – where is the evidence?

Moderation: J. Bergman

10.00 – 10.05 **Anatomy of Zenker's diverticulum**
S. Groth

10.05 – 10.35 **Live demonstration of different endoscopic approaches and equipment**
Zurich, Dusseldorf, Tokyo

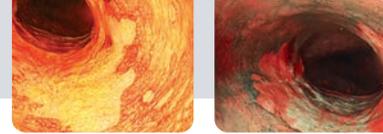

Controversies in Endoscopy

- 10.35 - 10.45 **Endoscopic treatment of Zenker's diverticulum - what is the evidence?**
H. Neuhaus
- 10.45 - 11.00 **Complications of endoscopic treatment of Zenker's diverticulum & management**
S. Seewald, P.M. Schneider, M. Kaminski
- 11.00 - 11.30 **Break** →
- 11.30 - 12.10 **Live session 3 - Part I**
Novel endoscopic resection techniques - NET in the rectum
Moderation: M. Kaminski
- 11.30 - 11.50 **Live demonstrations of different endoscopic resection approaches**
Luzern, Warsaw, Tokyo
- 11.50 - 12.00 **Discussion**
P. Aepli, N. Yahagi, S. Seewald, A. Noske
- 12.00 - 12.10 **Endoscopic treatment of NET in the rectum - evidence of the different approaches**
R. Frei
- 12.15 - 12.55 **Live session 3 - Part II**
Novel endoscopic resection techniques - New Resection approaches
H. Neuhaus, S. Seewald
- 12.15 - 12.55 **Live demonstrations of novel ESD approaches & discussion: Endoscopic subserosa dissection ESSD, Robotics, Water pressure method, Pocket creation method**
Tokyo & Hong Kong & Tokyo & Tokyo

Controversies in Endoscopy

- 1.00 - 1.25 **Live session 3 - Part III**
Novel endoscopic resection techniques - Tips & tricks & complication management
Moderation: A. Repici, S. Groth
- 1.00 - 1.25 **Live demonstrations on lifting approaches with discussion: Attachment Hoods, Different Lifting-Devices, Perforation Management & Prevention**
London, Tokyo, Warsaw, Tokyo, Zurich
- 1.25 - 1.30 **Question corner: What technology can we expect next?**
Interview with Giovanni Di Napoli,
President Gastrointestinal Medtronic
- 1.30 - 1.55 **Live competition: EndoSwiss Young talents award**
Moderation: S. Seewald, S. Groth
- Our candidates:**
- Shannon Melissa Chan, Hong Kong, China:**
The Use of Over-the-scope-clip (OTSC) vs standard therapy for the prevention of rebleeding in high-risk peptic ulcers: A randomized controlled trial
- Nastazja Pilonis, Warsaw, Poland:**
Drawing the finish line of the adenoma detection rate
- Yuto Shimamura, Tokyo, Japan:**
Endoscopic Pressure Study Integrated System (EPSIS)
- Annieke van Baar, Amsterdam, Netherlands:**
Endoscopic duodenal mucosal resurfacing for the treatment of type 2 diabetes mellitus
- Mohamed Hussein, London, UK:**
Detection and localisation of early neoplasia in Barrett's oesophagus with artificial intelligence

Controversies in Endoscopy

- 2.00 – 2.55** **Live session 4**
Pancreaticobiliary novelties – different approaches, lectures & discussion
 Moderation: H. Neuhaus

Live demonstrations on Pancreaticobiliary novelties & discussion:
Spyglass DS, EUS-transenteral guided biliary drainage, P. divisum, Pancreaticolithiasis, Papillectomy
 Dusseldorf, Leiden, Hong Kong, Mumbai, Zurich
 Discussion: J. van Hooft, A. Teoh, A. Maydeo, S. Seewald
- 2.55 – 3.00** **Question corner: What technology can we expect next?**
 Interview with Carten Clemens, Business Unit Director Endoscopy Central Western Europe, Boston Scientific
- 3.00 – 3.55** **Live session 5**
Precut: renaissance of a forgotten approach? What's the problem?
 Moderation: S. Seewald
- 3.00 – 3.15** **Primary Precut – a paradigm shift**
 N. Soehendra
- 3.15 – 3.25** **Live demonstrations**
 Mumbai, Zurich
- 3.25 – 3.30** **How and when do I do precut?**
 H. Neuhaus
- 3.30 – 3.35** **How and when do I do precut?**
 J. van Hooft
- 3.35 – 3.40** **How and when do I do precut?**
 A. Maydeo

Controversies in Endoscopy

- 3.40 – 3.55** **Discussion**
 N. Soehendra, H. Neuhaus, J. van Hooft, A. Maydeo
- 3.55 – 4.00** **Question corner: What technology can we expect next?**
 Interview with Barry Slowey, President Endoscopy COOK Medical
- 4.00** **Closing remarks**
 S. Seewald, S. Groth

**Certification:**

The certification has been applied for at the Swiss Medical Association.

Concept:

The EndoSwiss 2021 will take place from 25 to 26 June 2021 as an online event. Some days before the congress starts, you will receive your personal access for the EndoSwiss Symposium. The access entitles you to access lectures and streamed cases also on demand even after the online symposium. CME points can only be acquired during participation in the live transmission of the event.

Congress languages:

English. A Russian stream will be available

Employer/Public sector employer's permit:

In accordance with the FSA Codex, we would request an employer's permit from your employer for participation in this event. The congress "Endo Swiss 2021" is supported by firms from the pharmaceutical/medical sector; however, the sponsors do not have any influence upon the design of the scientific programme. Company symposia are clearly marked.

Programme changes:

Last minute programme changes might be necessary due to work, private and organisational reasons, and will be announced in the course of the programme. This will not result in a right to refund.

Liability:

The organisers and hosts of the congress will not be liable for personal damage or loss of or damage to the property of congress participants, either during the event or as a result of it. Please check the validity of your own insurance. The participant accepts that the event organizer does not accept any liability, in the case that the event or individual parts thereof cannot be held for unforeseen political or economic reasons or is generally hindered or prevented through force majeure, or if lecturer cancellations or similar necessitate programme changes. The participant accepts these conditions by registering.

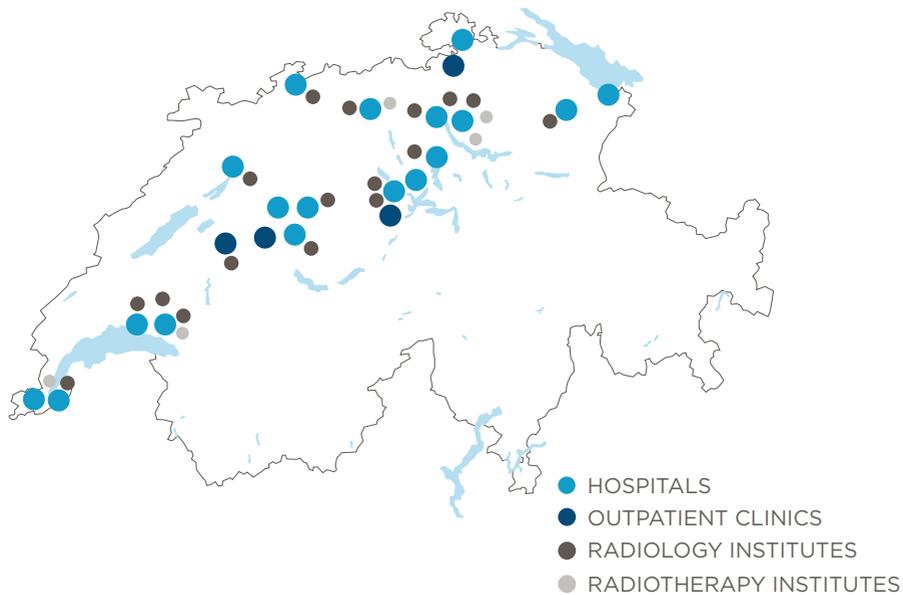

Time Zone:

The times in the program are CEST (Central European Summer Time).

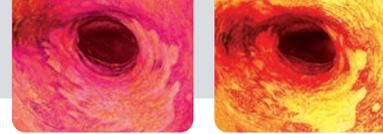

Your health is our primary concern. We look after your health every day at our 18 hospitals, 4 outpatient clinics, 17 radiology institutes and 5 radiotherapy institutes as well as at our integrated outpatient centres and emergency departments. We are here to help you in your region too: Aarau, Bern, Biel, Cham, Düringen, Geneva, Heiden, Lausanne, Lucerne, Meggen, Münchenstein, Schaffhausen, St. Gallen and Zurich.
